

The WANDA needs your help!

The Wisconsin Naturopathic Doctors Association (WANDA) is a non-profit organization of community-minded holistic doctors who believe that healthy communities start with healthy families. We are dedicated to bringing natural medicine to Wisconsin families by offering individualized natural therapies which integrate the healing powers of body, mind, and spirit. Our vision is to transform the healthcare system from disease management to health promotion by incorporating the principles of naturopathic medicine.

A Naturopathic Doctor (ND) is trained as an expert in natural medicine. Naturopathic medicine concentrates on whole-patient wellness. The medicine is tailored to a patient as an individual and emphasizes prevention and health education. Naturopathic medicine strives to address the underlying causes of conditions rather than focusing solely on symptomatic treatment. Naturopathic Doctors cooperate with all other branches of medical science, referring patients to other practitioners for diagnosis or treatment when appropriate.

In 2017, we have two big events that need your support. On Friday March 31st, we will have our 2nd annual gala fundraiser at Hotel Red. We also have our annual spring continuing education conference on Saturday April 1st at the Pyle center. This years topic is "Food as Medicine". More information about these events will be available soon.

Your company's financial investment will aid in the enhancement, visibility, and impact of our Wisconsin Naturopathic Doctors Association. It is a necessity that naturopathic medicine becomes an established health care option for Wisconsinites. Your support allows Naturopathic Doctors and supporting members and their communities the capability for investing back into your company.

We appreciate any support you can contribute.

Thank you!

Rebecca Georgia, ND  
WANDA treasurer

## **Become a Supporter and Help the WANDA!**
