

Do you suffer from Unexplained Chronic Fatigue?

You now have a great opportunity to [see how naturopathic medicine can help you](#) AND by participating in this exciting study, you can help further the integration of Naturopathic Medicine into our medical system.

The Doctors of the WNPA are seeking new patients to participate in a study funded by the **National Institute of Health**. The study is on Alternative Treatment of Unexplained Chronic Fatigue.

[This is a study on alternative treatment of chronic fatigue](#)

Starting In January 2008, at least eight Naturopathic Doctors (N.D.s) in Wisconsin will join Medical Doctors (M.D.s) and Doctors of Osteopathy (D.O.s) in collecting information regarding evaluation, diagnosis and treatment of patients diagnosed with Unexplained Chronic Fatigue. The study aims to identify [effective treatments](#) of Unexplained Chronic Fatigue using complementary and alternative medicine, as well as conventional medicine.

[Qualifying persons must also meet the following criteria:](#)

- 1) They are between 21 and 65 years of age.
- 2) They have been incapacitated by fatigue for more than 6 months.
- 3) They are not pregnant and don't plan to become pregnant within six months.
- 4) They have not previously been treated by the study physician for fatigue.
- 5) They can speak and read English.
- 6) They have a telephone.

Your Naturopathic Doctor will officially decide if you qualify to participate in the study. If you qualify, you will participate in the study for 6 months.

[Participants will be minimally compensated](#) for taking part of this study.

Get started on your road to optimal health! Go to "Locate a Doctor" and choose a Naturopathic Doctor to work with. The doctors participating in the study are indicated.
